OFFICE OF PETITIONS

Sir:

During the pendency of this application, applicant claimed status as a small entity under § 1.27. On information and belief following reasonable inquiry of the assignee, the undersigned states that such status was established, and fees to the Office were paid, in good faith.

On review of this file and related application files, it has been discovered that small entity status in this application may have been established or maintained in error. To moot any question as to the date from which large entity fees should have been paid, patentee has determined that it is prudent to tender payment of the deficiency as specified in § 1.28(c)(2) with respect to all fees paid during the pendency of this application. Accordingly, in compliance with the requirements of § 1.28, patentee now submits payment of the deficiency owed and requests that the Office excuse the error.

SUBMISSION UNDER § 1.28(c)

Our check for the total deficiency of \$ 2,385 accompanies this paper. As required under § 1.28(c)(2)(ii), an itemization of the deficiency with respect to each fee that was paid is attached. If the Office determines that the calculation of the deficiency is in error, or if any other fee is required for entry, consideration, or acceptance of this paper, patentee requests that the Director debit the appropriate fee(s) from our **Deposit Account No. 18-1260**.

Respectfully submitted,

/David L. Fitzgerald/
